Title of the Session: Session on Intro To Hult Prize 2024 by Ecell, Jadavpur University

Session Date: 28th November, 2023

Session Time: 5.30 pm - 9:30 pm

Mode: Seminar Room, Mechanical Engineering Building, Jadavpur University

Student Coordinator in Charge:

- 1) Supriti Sarkar (BChE 2025)
- 2) Asmit Acharya

Brief Intro of Program:

A passionate collective of changemakers gathered for "Seeding Green Champions," a workshop igniting the flames of sustainable entrepreneurship. The event unveiled the dynamic world of business competitions focused on green solutions, equipping participants to transform their eco-ideas into impactful ventures.

Event Highlights:

The workshop, titled "Green Innovation Landscape," unveiled the expanding market for eco-friendly solutions and the rising demand for socially responsible businesses. It provided a comprehensive guide, "Competition Compass," demystifying various sustainability competitions, their eligibility criteria, and key evaluation parameters. Emphasising the alignment of ventures with the UN Sustainable Development Goals (SDGs) as guiding principles, the workshop delved into innovative funding models, from grants and venture capital to crowdfunding and impact investing, under the theme "Financing for Green Growth." Real-world success stories were shared through "Green Titans," featuring case studies and insights from accomplished green entrepreneurs. The workshop also prioritised networking for future steps, fostering connections among eco-conscious entrepreneurs, potential collaborators, mentors, and investors. Serving as a potent catalyst for change, the event highlighted that sustainability is not merely a responsibility but a thriving opportunity for innovation and transformative businesses.
